EMPOWERING RURAL COMMUNITIES TO
UPLIFT AND TRANSFORM THEMSELVES

OUR STORY

Founded in 2018, CNIMS Research Foundation serves the underserved rural communities of Lathur, Thirukazhukundram and Madurantagam blocks of Chengalpattu District, Tamil Nadu. Adopting a holistic approach, we empower rural communities to mobilize, organize, and work towards their own upliftment.

We ensure equitable access to education, health, and socio-economic development with a special focus on women and the marginalized population. Our initiatives have empowered our beneficiaries to break free from the diverse challenges and reshape their future.

OBJECTIVES

- Improve access to quality health and education to the communities
- Improve health, hygiene and sanitation indicators in our project implementation areas
- Organize and manage research and development activities in arts, science and education
- Strengthen access to correct information and increase awareness for informed decision making
- Improve livelihoods of rural communities, focused on youth, through linkages to relevant resources

VISION

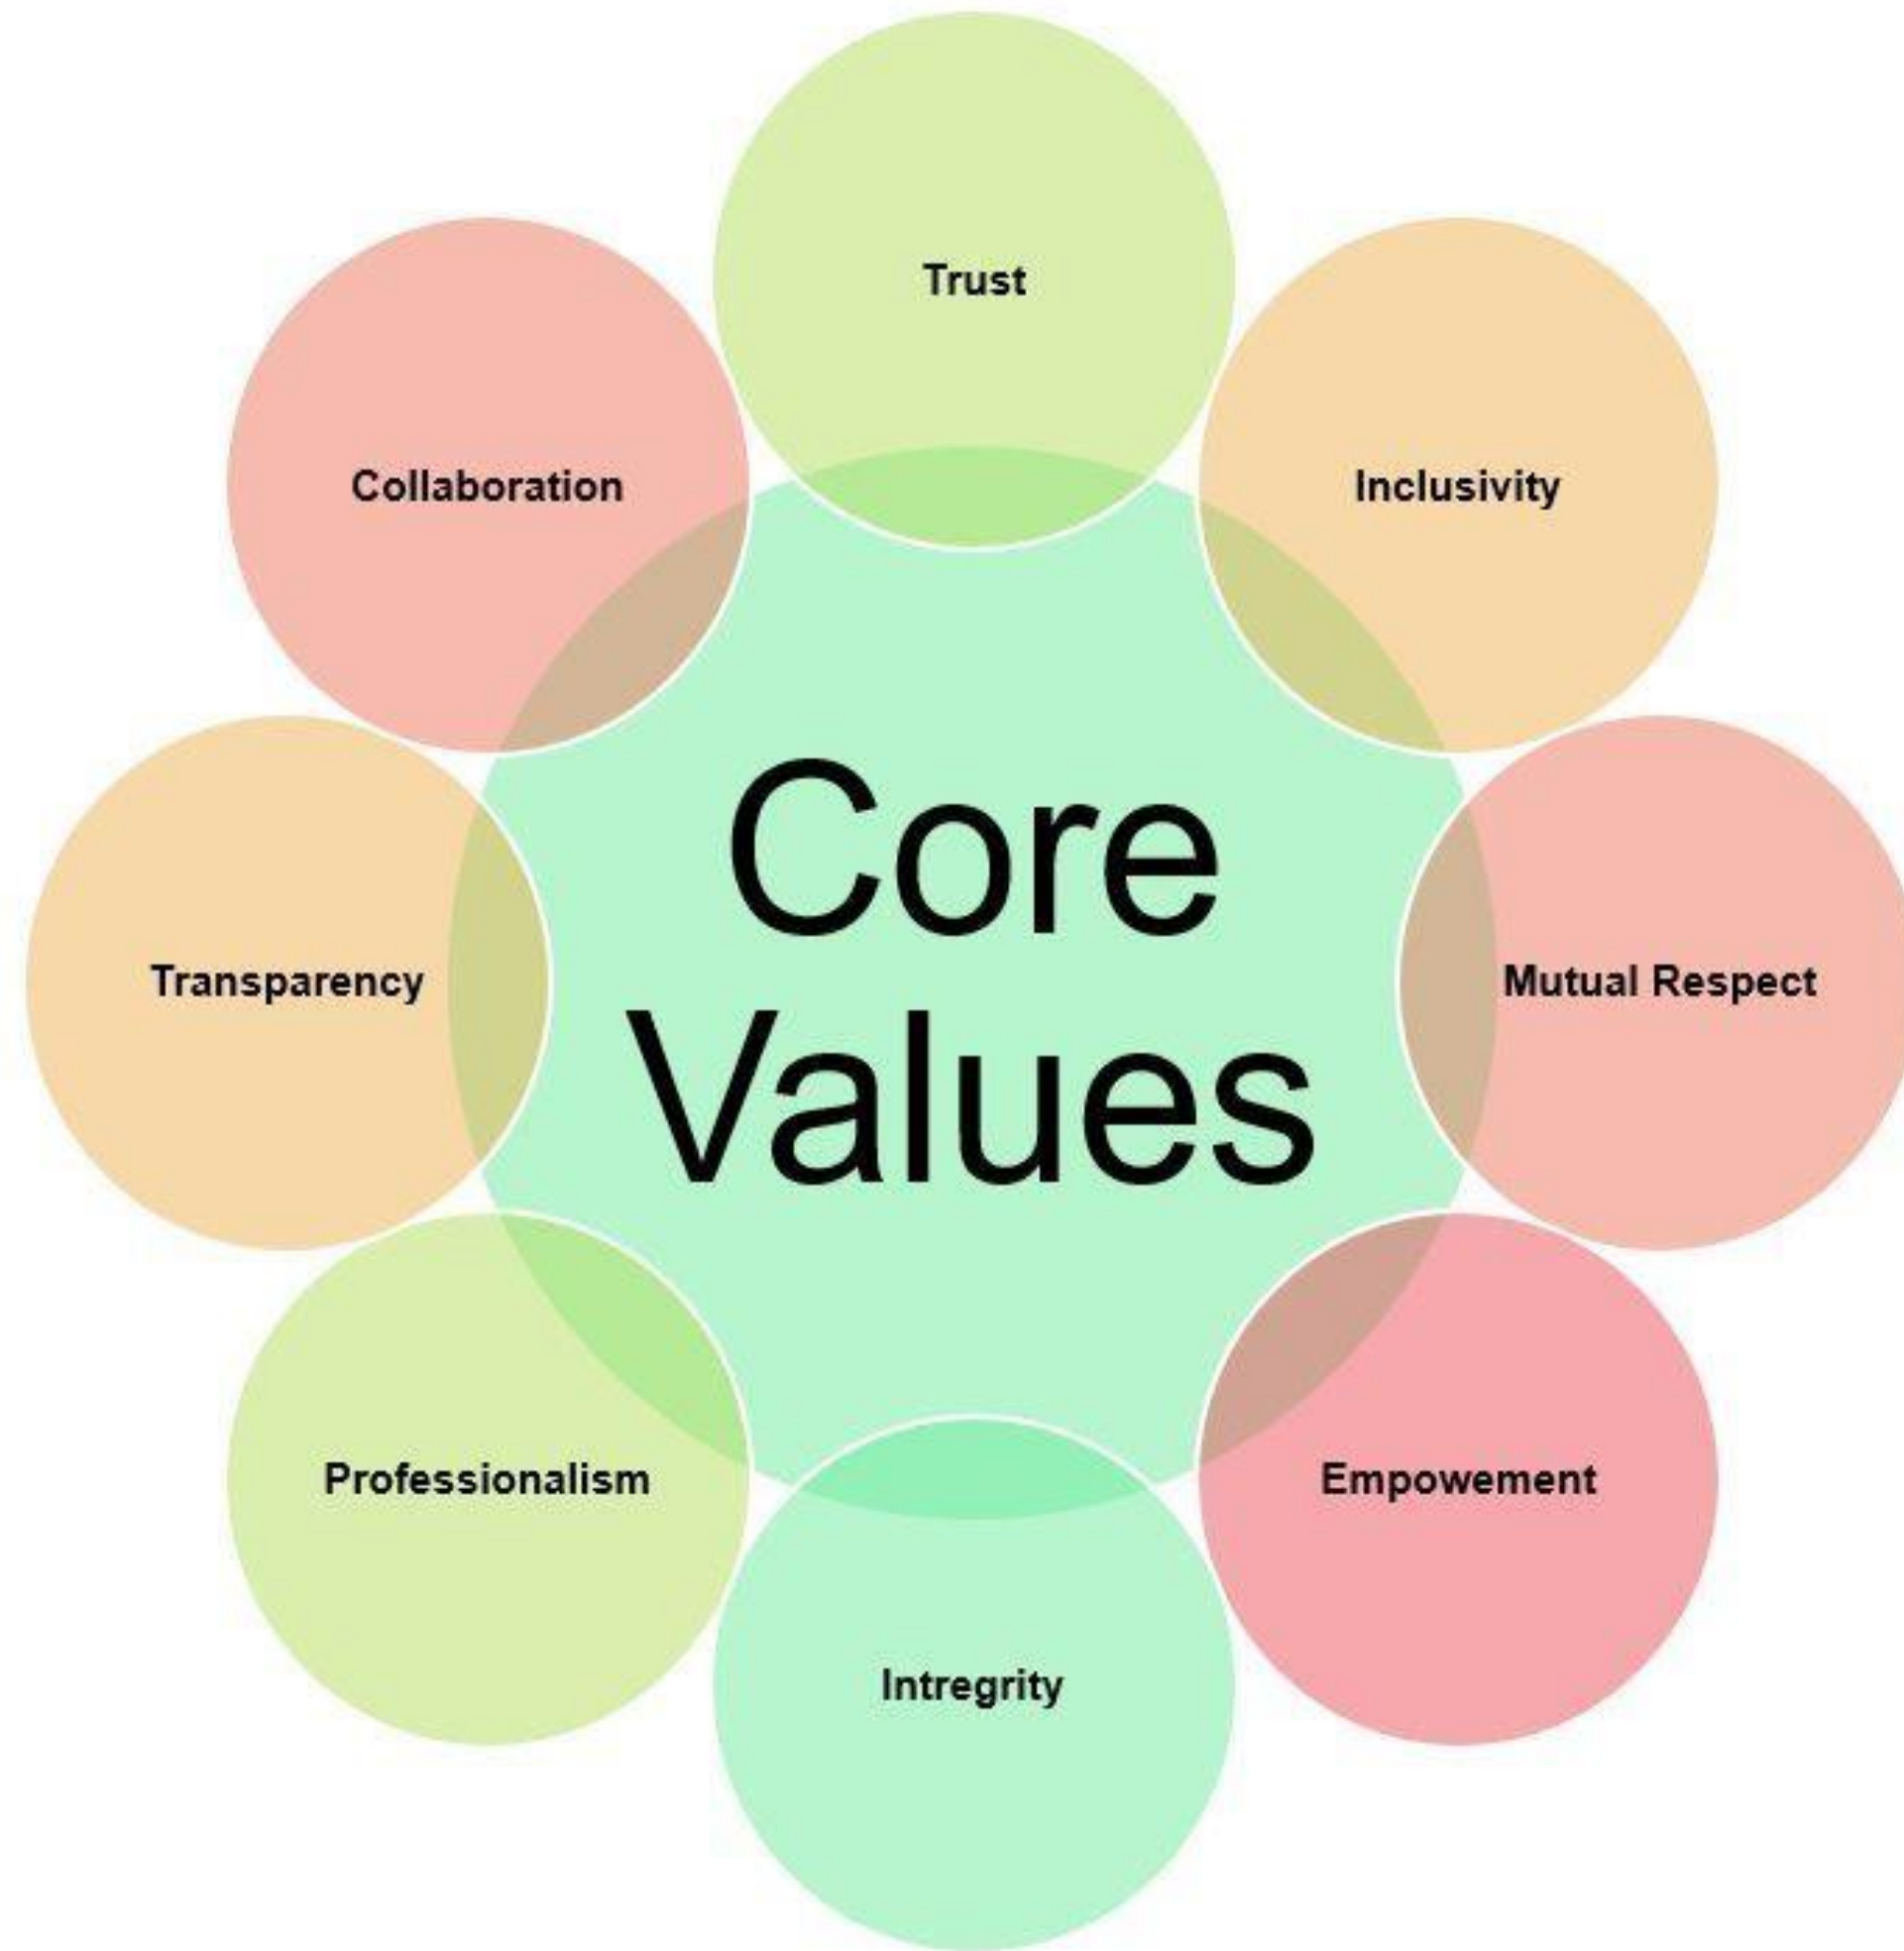

CNIMS envisions an equitable future where rural communities are empowered to mobilize, organize and work towards their own upliftment

MISSION

CNIMS is on a mission to empower rural communities, with a special focus on the marginalized sections. We seek to ensure equitable access to education, health and socio-economic development through a participatory, evidence-based approach, educational programmes, network building, community outreach, training, campaigns, and more.

CORE VALUES

Our core values form the foundation of everything we do, guiding us in all our endeavors and propelling us in the accomplishment of our goals.

OVERVIEW OF NGO

CNIMS Research Foundation is a nonprofit organization dedicated to empowering the underserved communities of Lathur , Thirukazhukundram and Madurantagam blocks in Chengalpattu District, TamilNadu. Our foundation adopts a holistic, community-driven approach to development, with a focus on enabling individuals especially women, children, and marginalized populations to lead healthier, educated, and self-reliant lives. We believe that sustainable change begins at the grassroots. Through our integrated programs in education, health, livelihood, environment, and infrastructure, we address key challenges faced by rural communities and help them take ownership of their growth and development. Sri Sai Institute of Paramedical science is a part of CNIMS Research Foundation .it is now known as **SRI SAI COMMUNITY COLLEGE**.

Founded in 2018, the Sri Sai Institute of Paramedical Sciences has been committed to empowering under privileged girls by providing quality education in healthcare. In 2024, the institute proudly transitioned into **SRI SAI COMMUNITY COLLEGE**.

OUR AIM

Empowering Rural India Through Education

Transforming Lives: One Skill, One Child, One Village at a Time

- CNIMS Research Foundation envisions a brighter future for rural youth and women through access to quality education and skills.
- Goal: Build a School for Rural Excellence to uplift marginalized students.
- Urgent need to move beyond under-resourced government schools.
- Focus: Strong academic foundation + competitive exam readiness (NEET, IIT, etc.)

BRIDGING THE EDUCATION GAP THE CURRENT REALITY

Bridging the Education Gap – The Current Reality

The Challenge We Must Overcome

- Poor infrastructure in government schools
- Low exposure to skill-based or competitive education
- High school dropouts, early marriages, and low aspirations
- Lack of transportation and foundational resources

"WE AIM TO BREAK THE CYCLE OF LIMITATION WITH OPPORTUNITY."

OUR IMPACT

Educate a Woman, Empower a Community

So Far – Women-Led Rural Transformation

- Sri Sai Community College trained 200+ rural women with a 90% placement rate in healthcare roles
- Reduced dropout rates & early marriages
- Certified courses in medical and tailoring education
- Upgraded tailoring course = more self-employment and entrepreneurship
- Challenge: No transport = limited reach and opportunity

Callout : We seek a van to transport underprivileged students & conduct village health camps to setup and establish computer related courses, and to introduce innovative teaching methods including digital library

JOIN US - YOUR CSR SUPPORT CAN SPARK GENERATIONAL CHANGE

Your Partnership = Empowered Futures

We're Seeking CSR Support To:

- Acquire land & build a rural excellence school
- Fund transportation (van) for students & outreach
- Expand medical courses to nursing programs
- Deliver holistic, skill-based education at scale

***"TOGETHER, LET'S REWRITE THE FUTURE OF RURAL INDIA ONE
EMPOWERED STUDENT AT A TIME."***
